**Response to Restriction Requirement**

In response to the Restriction Requirement mailed from the Patent Office on August 26, 2003, Applicants hereby elect the invention of Group III (claims 10-12, 14-16, and 24) directed to a method of treating autoimmune disorders using an IL-22 inhibitor with traverse. As discussed telephonically with Examiner Kapust, Applicants respectfully request the Examiner to re-join the inventions of Group III and VIII. The invention of Group VIII is directed to a method of treating arthritic symptoms by administering an anti-IL22 antibody. Applicants submit that claim 10, as originally filed and as currently amended, is generic to the treatment of autoimmune disorders using an anti-IL22 antibody, and thus encompasses the patentably distinct species of amelioration of arthritic symptoms presently claimed as Group VIII.

Reconsideration and re-joinder of the inventions of Group III and VIII is respectfully requested.

A Petition for a One-Month Extension of Time is being submitted herewith. Please charge the extension fee of \$110.00 to Deposit Account No. 07-1060, Reference No. GI 5358 CIP. The Commissioner is hereby authorized to charge any additional fees that may be due in connection with the above-referenced matter, or credit any overpayment of same, to Deposit Account No. 07-1060, Attorney Reference No. GI 5358 CIP. Should any questions or issues arise concerning this application, the Examiner is encouraged to contact the undersigned at the telephone number provided below.

Respectfully submitted,

---
